

CIRCINUS® 900 WG

FOR THE CONTROL OF ANNUAL GRASSES AND BROADLEAF WEEDS IN SORGHUM, MAIZE, SUGAR CANE, TT CANOLA, LUCERNE AND FOR FALLOW AREA MAINTENANCE AND OTHER SITUATIONS.

PRODUCT OVERVIEW

- Incorporation (pre-plant and at sowing application):
 - Albaugh CIRCINUS® 900 WG Herbicide acts mainly by root absorption. Its effectiveness depends on the occurrence of rainfall or irrigation to move it down into the weed root zone. Sufficient rain or irrigation to thoroughly wet the soil through the weed root zone should occur or be made immediately after application to provide appropriate weed control. Delay in activation of the product may result in some weed growth.
 - In flood or furrow irrigation situations complete and continued activation of the product may not occur due to a thin band of dry soil on the surface during or after irrigation. Mechanical Incorporation after application, using light harrows to incorporate the product into the soil not more than 4 cm deep is required to ensure the irrigation water activates the product. Always apply the product to an even unridged seedbed.
- This product is a pre- and post-emergence herbicide, which will selectively control:
 - Weeds and grasses in canola (triazine tolerant varieties only), sorghum, maize, sweet corn, sugar cane, lupins, broom millet, saccaline and forage sorghum.
 - Mintweed in established lucerne.
 - Brome grass in sirocco Phalaris, demeter fescue and currie cocksfoot grass seed crops.
 - Provide control of weeds and grasses growing on a fallow in a conservation tillage system.
- Forestry registration in pre and post planting situations.
- Triazine tolerant canola registrations with pre and post emergent applications.
- Lucerne registration.
- Compatible with a range of other herbicides.

See label for complete application guidelines and restrictions.

ACTIVE INGREDIENT

900 g/kg Atrazine

H.R.A.C. GROUP

GROUP 5 HERBICIDE

FORMULATION

Water Dispersible Granule

POISON SCHEDULE

Schedule 5

COMPARE TO

Various

MODE OF ACTION

Triazine: inhibition of photosynthesis

SIGNAL HEADING

CAUTION
KEEP OUT OF REACH OF
CHILDREN
READ SAFETY DIRECTIONS
BEFORE OPENING OR USING

PACKAGING

15KG

APVMA APPROVAL NO.
