Potato: early & late blight, vine rot	1.0-1.8 L/ha or 45-55 ml/16 L water
Tomato: early & late blight, vine rot	1.25-1.9 L/ha or 45-60 ml/16 L water
Beans: rust, anthracnose	1.25-1.9 L/ha or 45-60 ml/16 L water
Carrot: Alternaria, Cercospora, Helminthosporium	1.25-1.9 L/ha or 45-60 ml/16 L water
Crucifers (cabbage, broccoli, cauliflower): powdery mildew	1.25-1.9 L/ha or 45-60 ml/16 L water
Cucurbits (cucumber, melon, squash, watermelon): powdery mildew, downy mildew, Cercospora, anthracnose, Septoria, fruit rot, early & late blight	1.25-1.9 L/ha or 45-60 ml/16 L water
Celery: early & late blight	1.25-1.9 L/ha or 45-60 ml/16 L water
Eggplant: early & late blight, vine rot, Cercospora, anthracnose	1.25-1.9 L/ha or 45-60 ml/16 L water
Grape: downy mildew, powdery mildew, fruit rot	1.25-1.9 L/ha or 45-60 ml/16 L water
Mango: anthracnose, Diplodia	3.75-5.6 L/ha or 45-60 ml/16 L water
Onion: purple blotch, bulb rot, neck rot	1.25-1.9 L/ha or 45-60 ml/16 L water
Pepper: early & late blight, Cercospora, anthracnose	1.25-1.9 L/ha or 45-60 ml/16 L water
Ornamentals: black spot, black rot, powdery mildew	1.25-1.9 L/ha or 45-60 ml/16 L water Spray volume: 400-500 L/ha (except bananas_30 L/ha) Max dosage/year: 25.5 kg a.i./ha

ACTIVE INGREDIENT

Chlorothalonil 720 g/L

FORMULATION

Suspension concentrate

PACKAGING

1L, 4L, 20L, 200L

*Manufactured globally
to an American standard.*
