

FUNGICIDE

AZOXY

50 WDG SELECT™

LONG-TERM, BROAD-SPECTRUM FUNGICIDE.

Azoxy 50 WDG Select™ is a systemic fungicide, designed to achieve control of some of the toughest turf diseases such as brown patch, fairy ring, leaf spot, and yellow patch. The highly systemic formula in Azoxy 50WDG Select delivers plant protection through foliar and root absorption.

PRODUCT FEATURES

- Defends against both soil-borne and foliar diseases.
- Provides continuous protection for up to 28 days.
- Complete root-to-leaf distribution.
- Constant delivery for even distribution to new growth.
- Greater degree of root uptake when compared to other strobilurins.
- Prevents spore germination, thereby preventing many fungal infections.
- May be used during over-seeding of dormant turfgrass.
- Does not impact honey bees and other beneficials.

LABELED USES

- Golf turf
- Residential turf
- Commercial turf
- Institutional and industrial turf
- Parks/Rec
- Athletic fields

See label for complete application guidelines and restrictions.

ACTIVE INGREDIENT

50.0% azoxystrobin

FRAC GROUP

11

FORMULATION

Water-dispersable granule

CHEMICAL FAMILY

Strobilurin/QoI inhibitors

COMPARE TO

Heritage® 50 WDG

MODE OF ACTION

Acropetal penetrant

RESTRICTED USE

No

SIGNAL WORD

Caution

PACKAGING

6 x 1 lb, 2 x 6 lb

EPA REG NUMBER

89442-35

AZOXY 50 WDG SELECT™

LONG-TERM, BROAD-SPECTRUM FUNGICIDE.

APPLICATION INFORMATION

Azoxy 50 WDG Select™ may be applied as a foliar spray in alternating spray programs, or in tank mixes with other registered pesticides. **Azoxy 50 WDG Select** is compatible with many commonly used fungicides, liquid fertilizers, herbicides, insecticides, and biological control products. If tank mixes are desired, observe all directions, precautions, and limitations on labeling of the most restrictive product label used.

Azoxy 50 WDG Select can be used for control of certain pathogens causing foliar, stem, and root diseases including leaf and stem blights, leaf spots, patch diseases, mildew, molds, and rusts of turfgrass plants. Use **Azoxy 50 WDG Select** to control certain diseases on golf courses, lawns, and landscape areas around residential, institutional, public, commercial, and industrial buildings, parks, recreational areas, and athletic fields.

Azoxy 50 WDG Select is most effective when applied prior to disease development. Mix **Azoxy 50 WDG Select** with the required amount of water and apply as a dilute spray application in 2-4 gallons of water per 1,000 square feet (87-174 gallons per acre). Repeat applications at specified intervals for as long as required. For spot treatments use 0.2 oz. **Azoxy 50 WDG Select** per 1 to 2 gallons of water.

DO NOT apply more than 10 lbs. product/acre/year (3.7 oz. product/1,000 square feet/year). Make applications by ground only.

LABELED DISEASES

Anthracnose	Fairy ring	Melting out	<i>Pythium</i> root rot	Summer patch
Bermudagrass decline	<i>Fusarium</i> patch	Necrotic ring spot	Red thread	Take-all patch
Brown patch	Gray leaf spot	Pink patch	<i>Rhizoctonia</i> large patch	<i>Typhula</i> blight
Brown ring patch	Gray snow mold	Pink snow mold	Stem rust	Yellow patch
Cool weather brown patch	Leaf spot	Powdery mildew	Stripe rust	<i>Zoysia</i> patch
	Leaf rust	<i>Pythium</i> blight	Southern blight
